**2:00:** Races Begin!

989.356.8805

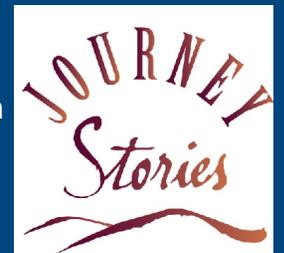

**Science On a Sphere®** is an animated globe that can show dynamic, animated images of the atmosphere, oceans, and land of a planet. The sphere has 250 data sets that show a view of the Earth from space, the solar system, and global weather and geological patterns. Only 100 of these exhibits exist around the world, and one is right here in Alpena!

**Genot Picor.** Genot Winter Elk Picor's stories, songs and dances have thrilled audiences from Kentucky to Sault Ste. Marie, and from New York state to Ironwood. Descended from the French and Huron people of the Great Lakes region, this well-traveled performer's interactive children/family show is touched with warmth and fun for all ages.

**Hipps-N-Ricco.** Hipps -N- Ricco's Acoustic Duo was created in 2008. The duo has years of experience with Charlie "Hipps" Witthoef playing Harmonica in Blues and Jazz groups across the MidWest, and Eric "Ricco" Jaqua playing Drums, Vocals, Bass and Guitar in several bands. This combination has propelled the duo quickly to gain the attention of both local and international TV and radio appearances with the Duo's Original material!

**The Smithsonian is coming to town!** Through July 26th the traveling exhibit "Journey Stories" will be open at the Great Lakes Maritime Heritage Center. "Journey Stories" is a Smithsonian Institution traveling exhibit that explores individual stories that illustrate the critical roles travel and movement have played in building our diverse American society.

**Cardboard Boat Regatta.** Construct a "human-powered" boat made of corrugated cardboard that will hold at least one crew member and be "seaworthy" to race (for a short while at least) on the Thunder Bay River in Alpena. Fun for everyone in the family! Anyone age 10 or older may enter the race. Individuals, Groups, Non-Profits, Businesses, Corporate, and School Teams come join us!
